

## WHAT IS MAP?

MAP is all about helping you gain the experiences that will make you the most marketable professional that you can be. MAP is workshops, internships, networking- MAP is a professional opportunity for CM students. MAP is also a co-curricular requirement for all Management Majors in the College of Management- we would recommend starting to earn miles now!

## HOW DO I EARN MAP MILES?

Students can earn miles by participating in MAP workshops on campus and/or remotely; all workshops are worth one MAP mile. We also offer additional opportunities for students to earn their miles on their own time.

## HOW MANY MILES DO I NEED?

All management major students are assigned to a “MAP Path” based on the number of credits they have earned before admission to the College of Management. (See details on Page 2) All Management major students must complete 80% of their assigned MAP Path before enrolling in MGT 490– Strategic Management, the required capstone course. Students who complete 100% of their MAP Path receive a transcript designation, a bullet for their resumes about program completion, and a cord to wear at commencement.

“The MAP events really stand out to me as being impactful on my experience as a student at UMass Boston. MAP opportunities work alongside classroom teachings, because you get to either use the skills that you learn through workshops or in a classroom, or you get to learn new “real world” skills through workshops. It is a nice addition to the traditional classroom teachings.”

## HOW DO I TRACK MY PROGRESS?

All College of Management students have a MAP account on UMBInvolved. Students will be able to access the website with their UMass Boston email and password. Students can track MAP miles, complete asynchronous MAP opportunities, and view upcoming events on UMBInvolved. New students will be able to access accounts within a few weeks of start of the semester.
