MANAGEMENT MINOR

OVERVIEW

Students who have a major outside of the College of Management are eligible to complete a minor in management within the College of Management. There are many majors in the College of Liberal Arts, College of Science and Mathematics, or College of Nursing and Health Sciences, among others, that would be complemented by the management minor.

APPLICATION REQUIREMENTS

Students must apply for and be accepted to the management minor. Students should complete the minor application and submit it to the College of Management Undergraduate Program Office (M-5-610) for review.

The following criteria must be met to be accepted into the management minor:

- Completion of MATH 134
- Completion of a course or courses covering introductory descriptive and inferential statistics (e.g., MATH 125, ECON 205, PSYCH 270, SOCIOL 350)
- Completion of 24 credits, of which at least 12 are completed at UMass Boston
- Cumulative GPA of 2.75 based on 12 graded credits, with no incompletes, on the UMass Boston record.

If all requirements are not met, students will not be accepted into the Management Minor.

MINOR REQUIREMENTS

Students must complete seven courses (21 credits) for the management minor. Normally non CM students are limited to certain courses and only 18 credits in the College of Management; however accepted minors will be able to complete the requirements below.
